

SORBENTS / SPILL CONTROL

3M MULTI-FORMAT

3M MINIBOOMS & PILLOWS

3M RUGS, PADS & ROLLS

3M CHEMICAL SORBENTS

CASTROL MOP OIL ABSORBENT GRANULES

MAINTENANCE SORBENTS

For Leaks and Drips of Non Aggressive Fluids

3M Maintenance Sorbents are highly absorbent, lightweight and very quick to deploy.

3M Multi-Format

Four formats rolled into one. Used closed, the Multi-Format sorbent acts as a boom; unfold once and it's a pillow; or open it right out to use as a pad or sheet.

Size: 12cm x 15.2m (perforated every 40cm)

3M Minibooms & Pillows

Ideal for placing around the base of leaking machinery/equipment to contain and absorb oils and cutting fluids.

3M Miniboom

Size: 7.5cm dia. x 1.2m

(Larger sizes also available)

3M Pillow

Size: 18cm x 38cm

Also available:

3M Rugs

Ideal for use in walkways near leaky machines. Highly durable and tear resistant. The coated version is poly-backed for extra grip.

3M Pads and Rolls

Designed to be used in and around the work area to catch leaks and drips, pads are highly absorbent and simple to use. Rolls are perfect for covering large surfaces.

CHEMICAL SORBENTS

For Hazardous Spill Control

3M Chemical Sorbents are the ideal solution for Hazardous Spill Control. Available in a wide range of formats, they provide very high absorption capacities and are suitable for absorbing a very wide range of liquids - even aggressive acids and alkalis.

Available as:

Sheet

Roll

Miniboom

Pillow

Multi-Format

Spill Kits

ABSORBENT GRANULES

Castrol MOP

Oil Absorbent Granules

Effective absorbent granules for oil and grease spillage. Use to reduce the risk of fire and accident. Suitable for all floors.

Bag size: 20L

ABSORBENT MATS, PADS & SOCKS

4 in 1[®] Mat

Versatile mat, can be used as a pad, roll, sock or wipe. Absorbs oils, coolants, solvents and water. Use in workshops, around machinery and garages.

MAT284

41cm x 24m, perforated every 25.5cm
Absorbs up to: 36L per roll

PIG[®] Universal Mat Pads

Multiple layers held together with sonic bond points for added strength and abrasion resistance. Won't leave liquids behind even when saturated. Absorbs oil, coolants, solvents, water, even mild acids and caustics.

MAT240

Heavy weight, dispenser box of 100. 41cm x 51cm
Absorbs up to: 908ml per pad, 90.8L per box

MAT149

Medium weight, bag of 100, 41cm x 51cm.
Absorbs up to: 726ml per pad, 72.6L per box

PIG[®] Universal Mat Rolls

For oils, coolants, solvents and water.

MAT230

Heavy weight, for large spills or extended use. 76cm x 46m, perforated every 25.5cm
Absorbs up to: 155L per roll

MAT411

Medium weight, for every day leaks and spills. 76cm x 61m, perforated every 25.5cm
Absorbs up to: 166.5L per roll

PIG[®] Blue Absorbent Socks

Use PIG BLUE Socks to surround your machines to catch leaks and keep your walkways clean and safe. Socks stay in place to absorb oils, coolants, solvents and water.

4048.

8cm x 122cm long
Absorbs up to: 2.8L per sock

PIG[®] Original Absorbent Socks

Fits around machines and in tight spaces to soak up leaks or drips. Absorbs oils, coolants, solvents and water. Economical sock, for daily use.

404

8cm x 107cm long
Absorbs up to: 1.9L per sock

BIO HAZARD SPILLAGE KIT

Bio Hazard Spillage Kit

For the safe handling and disposal of bio-hazardous spills, eg blood and high-risk body fluids.

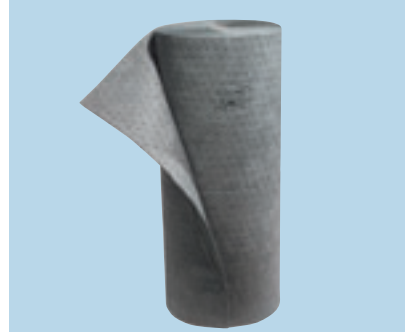

Each kit contains:

- Disposable Protective Gloves
- Scoops and Scrapers
- Absorbent Granules
- Tear-resistant Plastic Bags and Seals
- Bleach Tablets and Plastic Container
- Eye Protection, Masks and Aprons

4 IN 1[®] MAT

PIG[®] UNIVERSAL MAT PADS

PIG[®] UNIVERSAL MAT ROLLS

PIG[®] BLUE ABSORBENT SOCKS

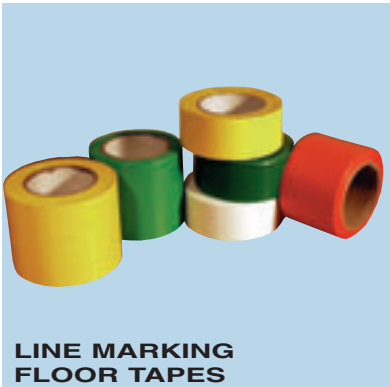

PIG[®] ORIGINAL ABSORBENT SOCKS

BIO HAZARD SPILLAGE KIT

FLOOR PRODUCTS

LINE MARKING FLOOR TAPES

EASYLINE®

LINE-MARKING FLOOR TAPES

For marking warehouses and loading bays and designating safe pedestrian areas etc.

White
Width: 50mm Roll Length: 33m

Yellow
Width: 50mm Roll Length: 33m
Width: 100mm Roll Length: 33m

Green
Width: 50mm Roll Length: 33m
Width: 100mm Roll Length: 33m

LINE-MARKING PAINTS

ROCOL Easyline®

A highly durable "traffic grade" epoxy line-marking paint. Suitable for marking factory floors, car parks, stores and warehouses. Paint is touch-dry in 10 minutes. Design life of up to two years.

Size: 750ml aerosol
Colours: White, Yellow, Red, Blue, Green, Orange, Black, Grey. Fluorescent Pink and Fluorescent Yellow also available.

ROCOL® Contractor

A cost-effective spot marking paint which lasts for at least three months. Brightly coloured paint ensures highly visible markings. Paint is touch-dry in 5 minutes.

Size: 750ml aerosol
Colours: White, Yellow, Red, Blue, Green, Black

ROCOL Easyline® Applicators

For use with Easyline® 750ml aerosols

- **4 wheel:** for producing professional, quality straight lines
- **2 wheel:** for producing professional, quality curved lines and marking alongside racking or machinery
- **Hand-held:** for free-hand marking, coding and for use with stencil kits

ROCOL® Stencil Kits

Available for use with Line-Marking Paints.

ANTI-SLIP PRODUCTS

ROCOL SAFE STEP® Anti-Slip Coatings

A range of easy-to-apply coatings that provide durable anti-slip surfaces for up to five years or more. The range consists of pedestrian grade, heavy vehicular grade, solvent free and chemical resistant coatings. Suitable for factory floors, fork lift truck ramps, loading bays, food processing areas, chemical plants, hospitals.

Also available:

SAFE STEP® Heavy Duty Cleaner
For removing oils and grease from concrete and metal, prior to applying

SAFE STEP® Anti-Slip Coatings.
ROCOL® Anti-Graffiti Products

ROCOL SAFE STEP® Tapes and Treads

An immediate solution for a slip hazard. Can be quickly and easily applied with zero "downtime". Specifically designed for small localised areas and pedestrian traffic.

HAZARD LIGHTING

Maxilite Hazard Warning Lamp
BS3143 part 2
 With non photocell flash

Minilite Hazard Warning Lamp
BS3143 part 2
 With non photocell flash

6V Battery
 For powering Maxilites and Minilites

Lamp/Cone Bracket
 For attaching Maxilites and Minilites to cones, scaffolding, skips etc.

HAZARD BARRIERS

Barrier Systems
 PVC Reflective Planks with Uprights, Collars, Bases and Lamp Attachments. System is ready assembled for immediate siting.

Barrier Fencing
 Orange barrier fencing, 50m roll (1m wide). Medium weight. (Yellow and Blue available to special order).

Use with: White ABS fence support and orange sand weighted base or steel fencing pins, 4'6" (21.6cm)

HAZARD CONES

Hazard Warning Cones
 'Caution Slippery Surface' - 50cm PVC
 'Caution Floor Cleaning in Progress' - 50cm PVC

HAZARD TAPES

Black/Yellow Non-Adhesive
 Width: 70mm Roll Length: 500m

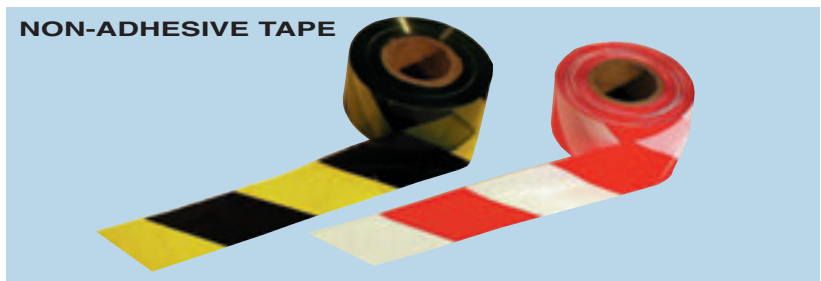

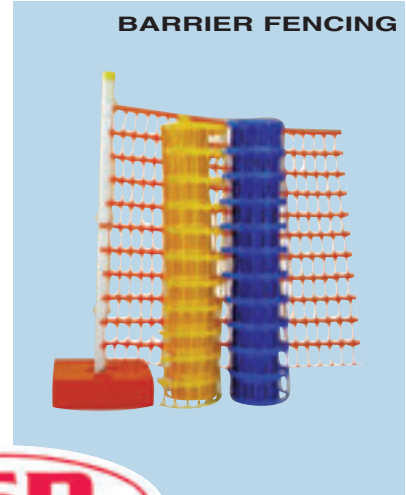

Black/Yellow Adhesive
 Width: 50mm Roll Length: 33m
 Width: 100mm Roll Length: 33m

Red/White Non-Adhesive
 Width: 70mm Roll Length: 500m

Red/White Adhesive
 Width: 50mm Roll Length: 33m
 Width: 100mm Roll Length: 33m

'Caution Do Not Enter' Tape
 75mm wide, 250m roll.

HAZARD WARNING PRODUCTS

For Pipeline Marking & Identification Tapes
 See Pipeline Ancillaries in FWB's main catalogue

TRAFFIC MANAGEMENT

Speed Restrictors

Yellow and black "speed bumps" providing a highly visible speed deterrent. Modular construction for easy installation and relocation. Available in heavy duty prime grade virgin PVC or lighter duty re-cycled PVC. Range of sizes providing speed reductions to 4, 10 or 15 mph.

Convex Mirrors

Acrylic convex mirrors c/w fixing brackets for walls or tubular posts.

Sizes: 300mm, 660mm

Road Cones

One-piece cone, linear moulded and sand weighted. Complete with Des 2 retro-reflective sleeve.

Sizes: 45cm/18", 75cm/30", 1m/39" (Motorway)

Temporary Verge Posts

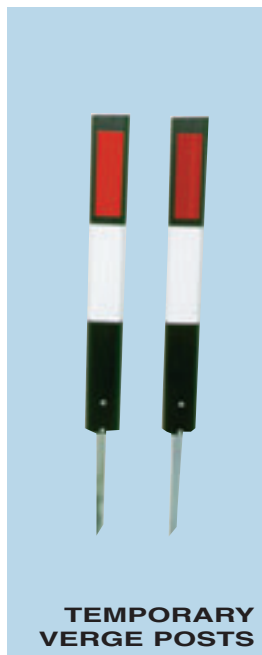

SPEED RESTRICTORS

CONVEX MIRRORS

ROAD CONES

TEMPORARY VERGE POSTS

Also Available:
Parking Posts
 Padlock-able and key operable

SAFETY SIGNS

FWB supplies a comprehensive range of statutory signs in Rigid Plastic or Self-Adhesive Vinyl. Aluminium are also available. Signs are available in a wide range of sizes. Pictured is just a small selection, please ask for our comprehensive brochure.

CONSTRUCTION & TRAFFIC SIGNS

A full range of temporary and permanent signs in accordance with current Road Traffic Signs Regulations. Site Boards are also supplied to customers' specifications.

ENGRAVED SIGNS

Engraved signs are made to our customers' specifications and are available in Brass, Aluminium, Wood, Plastics and Laminates:

Labelling

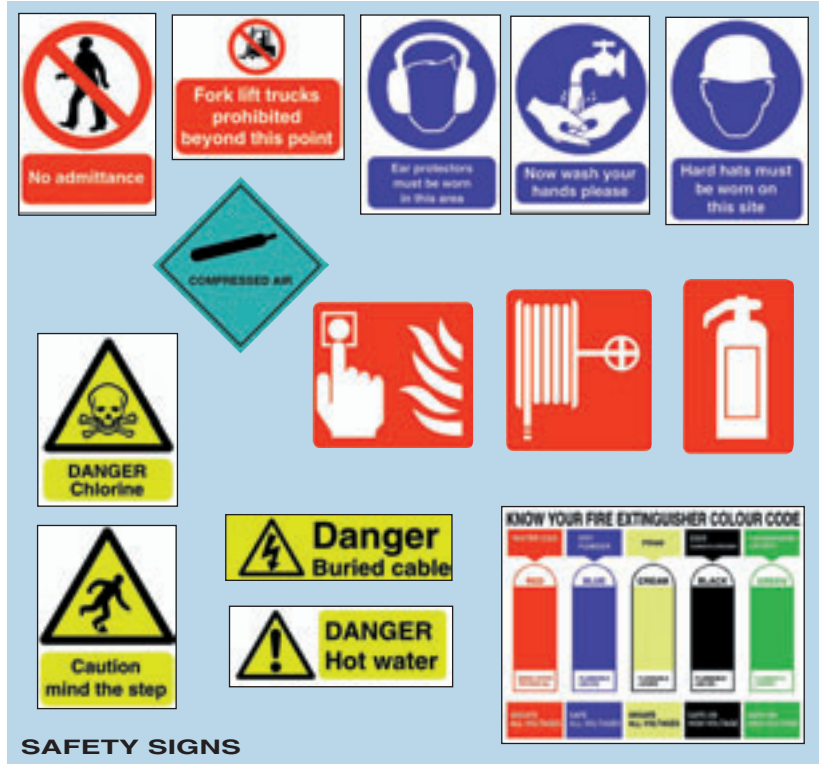

- Disks
- Labels
- Keyfobs
- Badges
- Door Nameplates
- Valve Tags

Control Panels

Plaques

Brass or brass effect laminate plaques mounted onto wooden plinths.
